

## 2010 Minimum Preference Points Required for Priority Landowner Preference Applications

### Legend:

Huntcode: Only huntcodes that received landowner preference in 2010 are listed in this report. *(For a unit to receive landowner preference for a species, the species must be totally limited for all rifle seasons. As an example; if you can purchase an over-the-counter license for any rifle season, there is no landowner preference for that species.)*

Minimum Preference Points – Priority Apps: This is the minimum number of preference points that were required to draw a 1<sup>st</sup> choice in the 2010 draw. *(Please remember that the minimum preference points required can change from year to year.)*

Total Quota Available: This is the total quota for the huntcode. This includes the general public quota, landowner quota, and youth quota *(if applicable)*.

Priority Quota: This is 15% of the Total Quota Available. Any fractions are rounded down per Colorado Revised Statute.

Priority 1<sup>st</sup> Choice Apps: This is the number of Priority Applications that were properly submitted for this huntcode as a 1<sup>st</sup> choice.

*Data pulled 07/27/2010*
