Wildlife Rehabilitation - Animal Transport Authorization

Rehabilitator name (print)		**Phone No.**	
Rehabilitator signature		**Date**	
CDOW Wildlife Rehabilitation License Number			

Pursuant to CDOW Regulations, Chapter 14 #1401-A.7, the rehabilitator named above is authorized to instruct the individual named below to transport the wildlife listed below to the locations and for the purposes indicated. Total time required for this transport shall not exceed 18 hours.

Transporter name		*Once the transport has been completed, this form should be returned to the rehabilitator to keep for a period of 3 years.*
Date of transport		

Beginning time of transport	Species	Number of animals	Transport or Release?	Destination. Indicate specific address or location	Ending time of transport

Note: Transport caging should be appropriately sized and safe for holding the animal during transport. Steps to minimize stress to the animal include keeping the cage stable, quiet and covered; free of strong scents; and separation from pets and humans. Transport time should be minimized. Comfortable temperature should be maintained with no overheating. Minimize handling and no display to people other than those authorized to receive and handle the animal.
